

Neocis is committed to providing Yomi training and education on robotic guidance to our dental surgeons, surgical teams, their patients and their communities.

You're just a click away from valuable Yomi resources. Via the User Portal, Yomi Users can easily access Training, Clinical and Marketing materials as well as order consumables.

Easily order consumables needed for your next procedures.

Neocis provides a portfolio of customizable templates to supplement your existing community education ecosystem.

Customizable materials include:

- Website templates
- Social templates
- Email / postcard templates
- Press "pitch kit" guides & PR templates
- Brochures and posters
- Robotic open house guides and materials
- Ads – print, digital and billboards
- Patient testimonial & surgical video guidance
